Your Studio Apartment

In all Allihoop locations, you rent a Studio apartment that is entirely your own. Most studios come with a private bathroom and kitchen as well.

Always included:

Basic Furnishings and Essentials

Everything you need for your day one is in the apartment on arrival. (We'll even make the bed for you!)

Access to Social Spaces

While it's nice to have a personal place to withdraw to, the Allihoop experience really shines when you step out of your room.

Unlimited personal WiFi

No need to rely on a shaky internet connection ever again! Allihoop Studios come with a personal WiFi-connection for personal use.

Extra Add-ons

Sometimes it's nice to get that little bit extra, just so you don't have to worry about it. We offer cleaning services, changing of bed-linens, and more! Let us know what you need, and we'll try sorting it.

The Social Spaces

By creating spaces that all Allihoopers have access to, we can offer a living experience that is truly far beyond the standard.

Extend your apartment

By gaining access to facilities like the gym, sauna, cinema, and mindfulness veranda. These are the spaces you can easily work into your daily schedule, to make your time in Stockholm that much better and more convenient.

Make new connections

At Allihoop, you are free to meet new people in what we think is the best possible way. Effortlessly. Strike up a conversation while making dinner, while you're getting your morning workout in, or while you are trying to decide what show to watch. It's all part of the Allihop experience!

The Community Experience

A diverse group of residents from all corners of the world; 50+ nationalities

Age range: generally 20-40 y/o

Young professionals, students, researchers, entrepreneurs, designers, engineers, freelancers, explorers

Structured onboarding processes to help newcomers adapting into their new home

Join a community which can ensure the smooth integration in the Swedish society. From paperwork challenges to social life options and everything in between

Endless networking possibilities

Monthly community meetings to discuss and improve the everyday life in our buildings.

Monthly events organized by Allihoop and the community members
(15-20 events per building/month plus many more gatherings that are organized spontaneously or outside of the app)

Open feedback channels to make sure that everyone's voice is heard

Dedicated community team that can help you with the social aspect of your living experience
